MINIBLUE

OW MAX HEAD MAX LIFT DUR 8 METRES 5 METRES UBLUE R* has been designed bine performance, reliability allation flexibility. Compact enough to mount of and incorporate the electronics needed to the unique thermistor controlled reservoir the MINIBLUE R* operates only when sate is present. Supplied with a ducting kit and de elbow kit to secure our fault free reservoir. NG OPTION E* pump available with: 100 KIT RESERVOIR 7507 X87-509 Way Max HEAD Way Max HEAD No servicing, no maintenace, no replacement parts. Nothing! A true fit and forget condensate pump. DIMI Non modular installation with minimum components when setting up. Fewer installation. No siphoning devices or check valves required.
